Safety never felt so good.®

With a Safe Step Walk-In Tub, you can safely enjoy a warm, relaxing bath without worrying about the dangerous slips and falls that are so common in the bathroom. In fact, a Safe Step Tub can give you the freedom to care for yourself and stay in the home you love. We even received the Ease-of-Use Commendation from the Arthritis Foundation.

Plus, the therapeutic features — including Hydro Massage Jet and Aromatherapy — can help relieve aches, pains and stress while providing long-term health benefits.
