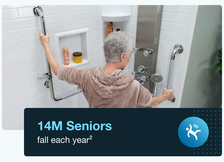
Raising the Bar on Bathroom Safety

80% of falls happen in the bathroom.[1]

Fall Prevention

Reduce slips and falls so you can stay safer during your daily routine.



14M Seniors
fall each year[2]

Remove bath rugs and mats
Choose non-skid mats or slip-resistant flooring.

Add grab bars
Strategically placed grab bars offer extra security.

Choose a walk-in shower or walk-in tub
Nearly one-third of injuries happen while bathing or stepping out of the tub.[2]

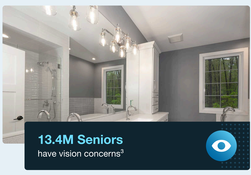
Easy Mobility

Make getting around the bathroom more comfortable and supported.

Install additional lighting
Use brighter bulbs and install nightlights to light the way.

Lower your sink height
A lower sink provides easier access.

Replace your toilet
Install a comfort-height toilet or add a grab bar to reduce strain.



13.4M Seniors
have vision concerns[3]

Safe Bathing

Create a secure, stress-free bathing experience with comfort features.

37% of Falls
happen while bathing or showering[2]

Enhance your shower with a seat
Sitting while bathing reduces fatigue and fall risk.

Install a handheld shower wand
A shower wand provides greater control.

Upgrade faucets
Lever-style faucets and easy-turn handles help with arthritis or muscle weakness.

General Maintenance

Keep the bathroom in good working order to reduce hazards.

Reduce clutter
Built-in shelving reduces clutter. Keep walkways clear to prevent trips.

Allow for proper ventilation
Good airflow keeps surfaces dry and hampers mold growth.

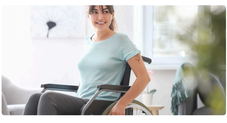
$1,112 Average Cost
of a fall-related ER visit[4]

Bath Safety That Fits Your Life

For Empty Nesters
Our showers deliver the style you love today with optional safety upgrades for the future.

For Seniors
Seniors benefit from features that support independent bathing. Shower seating, handheld shower wands and anti-scald devices offer added stability.

For Caregivers
Caregivers need tools, like non-slip surfaces and shower seats, that keep both them and their loved ones safe during bathing.



For People with Limited Mobility
Look for low-effort, accessible bathroom features that are wheelchair-friendly and help maintain independence, such as roll-in showers and low sinks.
